**Detailed Action**

Applicant's election without traverse of Group II (claims 9-13) in the reply filed on 2/6/07 is acknowledged.

Claim 9-13 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The end of the claim refers to "refining the plurality of phase shifters". However, this is not discussed in the specification and its meaning is not clear from the claim.
